

Stronger Together

Nsight

2020 Community Impact Report

Neighbors Helping Neighbors

The pandemic amplified the demand for basic needs in our communities. Combatting hunger and homelessness, bolstering mental and physical health, and supporting evolving educational needs were more critical than ever. Nsight maintained its commitment to furthering the missions of local organizations that not only had to double down on their efforts to help our neighbors in need, but also had to reimagine how to safely deliver those services. By coming together as a community, many unprecedented obstacles were overcome in 2020, strengthening our communities for the future.

Cash and
in-kind contributions
valued at

\$603,319

furthered the efforts of
local nonprofits and
community organizations

The **BOYS & GIRLS CLUB OF PORTAGE COUNTY** positively impacted more than **2,000 youth** annually.

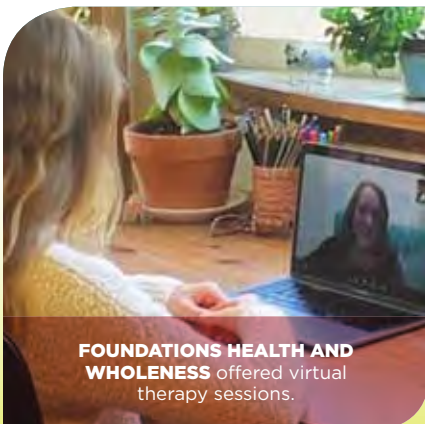

The **NEW COMMUNITY SHELTER** served **168,079 meals** through its community meal program.

MARSHFIELD ST. VINCENT DE PAUL collected and organized food for distribution to the needy.

Ensured customers were connected to work,
school, family and friends by giving extra
high-speed data and internet service
valued at over

\$2.7 million

FOUNDATIONS HEALTH AND WHOLENESS offered virtual therapy sessions.

Supported community
initiatives with
in-kind products
and services

\$238,773

Donated wireless
technology
valued at

\$188,945

to community events
and critical nonprofit
organizations

Message from the CEO

Mark M. Naze

2020 was a difficult year for all of us. No matter where you lived, what you do or who you are, it was impossible to escape the impact of the pandemic. It challenged companies and organizations to reinvent how we do business, as well as touching us on a personal level in countless ways. Despite all the disruptions, there was a strong undercurrent of togetherness. We experienced triumphs, big and small, as we navigated this uncharted territory. Collectively, we found new ways to approach school, work and everything in between while keeping each other safe.

For the Nsight family of companies, our goals remained the same in 2020. We still needed to deliver extraordinary customer care to our customers, keep everyone connected and support our communities. The challenge was to find new approaches to meeting these goals and address the unique needs created by the pandemic. We listened carefully to what was most important to our customers and our communities and responded in ways that allowed us to all keep moving forward.

As students and the workforce abruptly shifted to an at-home setting, having sufficient data and a high-speed internet connection was critical. Our company was in a prime position to positively impact both. Cellcom provided additional high-speed data to our customers at no additional cost and Nsight Telservices offered free internet to new customers, with the total value of this support valued at over \$2.7 million. We waived late fees for residential and business customers who faced financial hardships due to the circumstances.

Although the Cellcom Green Bay Marathon was held as a virtual event, the enthusiasm of sponsors and participants was undaunted. A total of \$31,698 was raised for our charity partners, the YMCA Full Circle Program and Greater Green

Bay Habitat for Humanity. To further the efforts of these two organizations during a crucial time, Cellcom made an additional gift of \$5,000.

To recognize the efforts of high school seniors we surprised this year's scholarship recipients with porch-side check presentations. A total of \$21,900 was awarded to 25 students. We also ran public service announcements to congratulate the Class of 2020 and wish them the best in their future endeavors.

With a rapidly growing need for well-stocked food pantries and homeless shelters, we expanded our Givin' a Little Back employee program so team members could extend their personal efforts within the community. We introduced a matching gifts program which allowed employees to make an additional monetary donation to the nonprofit of their choice. Employees who volunteered at local organizations earned a corporate financial donation for their charity. The combined impact of 62 employees resulted in a total of \$13,898 donated to 67 local organizations.

Nsight always takes great pride in supporting our communities, but this year it was more important than ever for businesses to step up and serve as a staunch corporate citizen. I'm proud of the many ways in which teams across our company found new opportunities to partner with organizations and community leaders to reach our neighbors in need. On behalf of Nsight, I'd like to thank the many community organizations who led the charge to keep those at risk fed, clothed, sheltered and safe. Together, we stood strong in the face of adversity, took care of each other, and propelled forward.

Mark M. Naze
CEO

As the coronavirus pandemic hit and safer-at-home orders were put in place, Cellcom and Nsight Telservices customers transitioned to virtual schooling and remote work. They also made efforts to stay socially distant by connecting with family and friends from afar and turning to the internet for entertainment while spending more time at home. An internet connection and sufficient data were critical to supporting a new way of daily life and the Nsight family of companies quickly pivoted to meet customer needs.

Keeping Everyone Connected

Cellcom and Nsight Telservices
committed over

\$2.7 million

to provide connectivity
during the pandemic

Cellcom added 5GB of high-speed data to most plans for the months of April and May. The additional high-speed data allowed customers to use wireless connectivity more freely while they adjusted their routines. Nsight Telservices offered two months of free internet service for new customers to help them meet the needs related to virtual schooling and remote working. This allowed people who may have gone without a home connection the opportunity to adapt to the changing circumstances without financial barriers. The commitment to keep everyone connected during the pandemic was valued at over \$2.7 million.

With the anticipated economic impact of the pandemic, Cellcom and Nsight Telservices joined the Keep Americans Connected Pledge. The Federal Communications Commission (FCC) created the pledge to ensure the nation had reliable broadband and telephone connectivity during the COVID-19 outbreak. Cellcom and Nsight Telservices agreed to not terminate service of any residential or small business customers because of their inability to pay their bills due to disruptions caused by the coronavirus and late fees were waived.

Customers were grateful for the effort and appreciated the support amid the uncertainty of the pandemic.

BROWN COUNTY UNITED WAY supported a local neighborhood literacy program at NAVARINO NEIGHBORHOOD (socially distanced)

Employees
volunteered
3,733

unique organizations

\$13,898
given in
matching gifts to
67
charities

\$18,958
donated to
United Way
via
employee gifts and
company match

Extending Employee Efforts and Impact

Nsight is committed to bettering our communities, including empowering our employees to be involved. The Givin' a Little Back (GALB) program rewards employee volunteer efforts with cash donations to nonprofits of their choice. With fewer opportunities for hands-on volunteering in 2020, Nsight also matched financial donations and contributions of physical goods to further the efforts of employees. The result was a total of \$13,898 donated to 67 local organizations on behalf of our employees.

United Way was instrumental in identifying and funding major community needs during the pandemic. Nsight's United Way campaign gave employees the chance to contribute to United Way's mission with a company match. This year Nsight was proud to donate \$18,958 to United Way via employee pledges and Nsight's corporate contribution.

OPERATION COMMUNITY CARES helped distribute food and basic need items for Paul's Pantry and other local organizations

It's been a privilege to serve everyone who has called for mental health services regardless of their ability to pay. We are thankful for Cellcom's leadership in our community and through this pandemic.

RYAN GOOD Foundations Health & Wholeness

In a typical year, the Cellcom Green Bay Marathon is a high-energy event that brings thousands of runners, volunteers and spectators together. With the safety of the community in mind, the event converted to a virtual race. Participants were able to continue to work toward their goals during an uncertain time and sponsors remained committed to supporting the event's mission of giving back to the community.

Collective efforts allowed the Cellcom Green Bay Marathon to award \$31,698 to its 2020 charity partners: the Greater Green Bay Habitat for Humanity and the Greater Green Bay YMCA Full Circle Program.

A Virtual Experience Lifts the Community

2020 CHARITY PARTNERS

- For the last three years funds from the marathon have been directed toward construction of **Habitat for Humanities' 120th home**, which was dedicated in June. Despite the impact of lost volunteer hours and unforeseen circumstances, the organization continued to push forward, on time, to make sure the family could complete their journey as a Habitat homebuyer to purchase "the house that the Cellcom Green Bay Marathon built."
- The **YMCA Full Circle Program** is a five-time donation recipient. Funds from the Cellcom Green Bay Marathon have provided inclusive programs for nearly 300 children on the autism spectrum in more than 1,500 class sessions over the past five years.

The marathon has raised
\$1,554,966
for **18 local** charity partners
over the past **21 years**

\$21,900

awarded
in scholarships to
25 students

Celebrating High School Seniors

The coronavirus pandemic had an impact on lives in big and small ways. The Class of 2020 wrapped up their high school careers in a way that they never imagined. Seniors may not have gotten to walk across the stage, but they gained perspective and resilience that will serve them well in the future.

To assist students pursuing secondary education, Nsight awarded scholarships to high school seniors throughout its service area. With traditional scholarship banquets on hold, Nsight hit the road for porch-side visits with each of its scholarship recipients. In addition to a financial boost for their future, students enjoyed a memorable surprise to close out their high school careers.

- Nsight Telservices awarded seven students \$1,200 scholarships and Cellcom gave 16 seniors \$750 scholarships.
- Two \$750 Ray J. Riordan, Sr. scholarships were presented by Nsight Telservices to Pulaski High School students who served as an editor for the Pulaski News.

CROSSROADS AT BIG CREEK STURGEON BAY

Green Gifts

Cellcom offers a cell phone recycling program where customers can bring in their old or unwanted phones to be reused and recycled. These phones are sent to recyclers who pay Cellcom for the materials that were saved from the phones. Proceeds are directed to programs and projects that help our environment and allow people to connect with nature, which was especially valued this year as people ventured outdoors to boost their mental wellbeing amid the pandemic.

DEVICE RECYCLING

Cellcom selected 31 nonprofits to receive \$36,040 in Green Gifts. This year Cellcom's Green Gifts created opportunities for families to expand their roles as environmental stewards, supported educational efforts that teach people to take action in their own backyards and aimed to inspire the next generation of environmental advocates.

By recycling old devices Cellcom customers are partners in the Green Gifts program, protecting the environment and reinvesting in the community.
